

# MONTHLY NEWSLETTER MARCH 2018

## ULTIMIZERS, INC.

### CURRENT PROJECTS

What amazing guys we have!

Another month is upon us and we are still very busy. Even with the snow and ice that we've had over the last week, we all made it in and production hasn't skipped a beat! The team in the shop have been amazing and as always, dedicated to what they do. We are so grateful to have

this group of guys and they are definitely appreciated! March sees us busy working on producing equipment for current orders and another build is

scheduled to be shipped this week. It's always exciting seeing the finished product being sent to its new location.

Not only is the team building equipment for current orders but they are also building equipment for the IWF Convention that is coming up in Atlanta, GA. We

are so excited for this Convention and hope to see some of you there! Our industry has really started to pick up this past year and we can't wait to see what is in store for the rest of this year.

We are also hiring for an additional Electrical Technician/Panel Builder. This will

allow us to build on our Service Team who continues to provide outstanding customer service. We can't wait to add a new Team Member! If you're interested in this

position and want to know more, you can email your resume to [jonahs@ultimizers.com](mailto:jonahs@ultimizers.com).

MANUFACTURERS OF  
SCANNING AND  
OPTIMIZING SYSTEMS  
FOR CUT-TO-SIZE WOOD  
OPERATIONS. ALL  
PRODUCTS ARE MADE  
IN THE USA

### WHATS COMING UP NEXT:

We are preparing for the IWF Convention in Atlanta, GA this August. We are excited to see what is happening in the industry and also show everyone what we have been working on as well.

We are building one of our 18U-SC7 prototypes to have on display at the Convention. We would love for you to come by our booth and see this saw in action.
