

MONTHLY NEWSLETTER OCTOBER 2018

ULTIMIZERS, INC.

CURRENT PROJECTS

Rebuilds and Modifications

We are currently rebuilding and modifying two machines that were built in 1995. They were originally both 14B's but since then have been modified to 800B's. Now we are refurbishing the electrical and mechanical pieces. These saws are 23 years

old and still running! It is really neat to see all the old stuff that we used to put on machines and how far technology has come since 1995. Check out these pictures!

MANUFACTURERS
OF SCANNING AND
OPTIMIZING
SYSTEMS FOR CUT-
TO-SIZE WOOD
OPERATIONS. ALL
PRODUCTS ARE
MADE IN THE USA

TP&EE! We are also gearing up for the Timber Processing and Energy Expo taking place October 17th-19th. It is being held at the Portland Expo Center in Portland Oregon. We are

excited that this one is closer to home! We are going to have a great booth and we would love for you to come by and see us! Our Booth number is 519!

WHATS COMING UP NEXT:

We are gearing up for the Timber Processing and Energy Expo here in Portland, OR October 17th-19th. It's coming up soon and we are excited!

The Holidays are coming up soon. A time to reflect on the whole year and the blessings that we have received. Take a moment to think about all the things you are thankful for!
