## ULTIMIZERS, INC.

### CURRENT PROJECTS

#### Safety!!!

The safety of our employees and guests are one of our top priorities here. We have regular safety meetings and make sure that we are always aware of any hazards that may be around. It sounds like we aren't the only ones either! As a result of

increased safety awareness, Oregon has gone from having one of the worst workers' comp systems to one of the best! Claims have gone down by 70% which

means rates have gone down by a similar percentage according to SAIF. As a result of this our Workers' Benefit Fund payroll tax will also decrease in 2019. Way to go Oregon! Let's all keep up the good work of keeping our employees safe!!!
